

Approved for intrinsic fire resistance, material: Sheet steel

**FK 5220**

- Connecting device for telecommunications
- screw-type connection for 20 pairs

- screw/screw connection technology
- for installation on mounting brackets in FK 5000
- suitable for a solid conductor with diameter of 0.4 up to 0.8 mm or for two identical solid conductors with diameters of 0.4 up to 0.65 mm
- with fixing screws
- with labelling strips

rated insulation voltage	U <sub>i</sub> = 100 V a.c. U <sub>i</sub> = 125 V d.c.
rated current:	Solid conductor up to Ø 0.6 mm max. 2.1 A Solid conductor Ø 0.8 mm max. 5.0 A
height	45 mm
width	179 mm
depth	23 mm
weight	0,187 kg
